Mary Ellen Eck, Superintendent

Dear Incoming Grades 1-5 Students and Families,

Practicing skills over the summer is a great plan for academic success.
The best way to do this depends on your child.

Suggestions for you:

- **Read, read, read!** Set aside time for silent reading and read aloud. You can check reading levels.

- **Practice Math Facts:**
 - Addition/Subtraction
 - Multiplication/DivisionUse websites and flashcards.

- **Write!** How about a new journal? A postcard? A letter? Even a grocery list.

Honestly reading should be every day but please aim for 5 days a week!
Practicing math and writing has to be 2 times per week to see growth!

Thank you for your continued support!

Sincerely,
Mary Ellen Eck
